The instruction sheet for this product is just for your reference. We reserve the right to make changes or adjustments on the product without prior notification. Please refer to the official information.

Warning

Choking hazard! This product contains small parts. NOT suitable for children under 3 years. Contains electrical components and should be kept dry at all times. Regularly check the battery charger wires, plugs and shell and other components for damage. DO NOT use if any part is damaged.

Safety Precautions

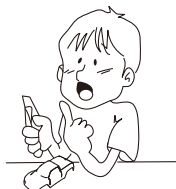

- It is a radio control model, not a toy!
- In order to enjoy running the car, you need to finish assembly before operation. Do routine maintenance work after operation. Replacement parts and option parts are available separately.
- Improper usage with Alkaline cells or rechargeable batteries may damage the electronics for the car or the radio.

In order to operate the car safely. Be sure that you have observed the following points:

⚠ Please follow the points as below in order to prevent accident from happening to the car and people.

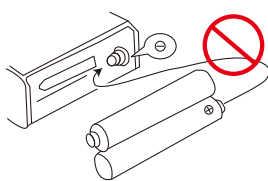

- Be sure to read thoroughly the manual before you begin. Fresh user should seek advice from people having rich experience in order to assemble the model correctly.

- Cutters, nippers and screwdrivers need careful handling.

- Do not expose this model to high temperature, humidity or direct sunlight.

- Never reverse connection/disassemble the battery. This may lead to damage and leakage.

- As the product contains small and sharp parts, assemble and store this product only in places out of the reach of children.

- When the model is not in use, always turn off the receiver and transmitter. Further more, disconnect the batteries and remove them from the model and the transmitter. This may be dangerous such as overheat and leakage.

Warnings & Cautions

1. Detachable small parts should be stored safely and out of reach of children.
2. If interference is experienced, turn the model off and try it again in a different area.
3. Transmitter will not function correctly if the batteries are low. Please replace the batteries.
4. Please discard old/used batteries in a safe manner. Consider your environment!
5. Please store the remote control model in cool, dry place.
6. DO NOT expose to fire or high temperatures, do not store in moist place.
7. Once the battery get wet, wipe immediately with a soft dry cloth. If the battery any deformation, please stop using.
8. If you don't use the model for a long time, please raise the chassis to let the wheels hang in the air.

Operating Your Model Safely

⚠ Do NOT operate the model in the following places and situations.
(Non-observance may lead to accident!)

- Operate your model in spacious and safe areas!
Do not operate it:
 1. On road!
 2. In places where children and many people gather.
 3. In residential districts and parks!
 4. Do not operate the model on public roads, in crowded places and near infant as it may cause accidents.
 5. Indoors and in limited space! Non-observance may result in personal injury and property damage!
- The car must stop immediately and check for the reasons when it is operating abnormal. As long as the problem is not cleared, do NOT operate it! This may lead to further trouble and unforeseen accidents!
- Always check the radio batteries! With weak dry batteries, transmission and reception of the radio would fall off. You may lose control of your model in such condition. This may also cause serious accidents!
- Keep in mind that people around you may also operate a radio control model! NEVER share the same frequency with somebody else at the same time! Otherwise, Radio signals will be mixed up and you will lose control to your model. This may lead to accidents.
- Do NOT put fingers or any objects inside rotating and moving parts!
- Right after use, do NOT touch the motor! Danger of burning yourself!

Precautions for Battery Use

1. Transmitter uses 3x1.5V "AA" batteries.
2. Please pay attention to correct polarity when replacing batteries.
3. Rechargeable batteries should be charged under adult supervision.
4. Do not mix old and new batteries.
Do not mix alkaline, standard (carbon-zinc), or rechargeable batteries.
5. After the battery is exhausted, the model should be removed.
6. Exhaust battery should be safely dispose!
7. DO NOT short circuit any terminals.
8. DO NOT attempt to recharge non rechargeable batteries.
9. Remove batteries from the model when charging.
10. DO NOT put batteries into a fire or into water.
11. The rated input voltage battery charger MUST be suitable for your mains power voltage.
12. During charging it is quite normal for the charger and batteries to heat up.
13. Do not swallow battery!
14. Store only in cool, dry and dark places and should be keep out of the children!
15. When the battery leaks the liquid and let it into you eyes, please right away rinse them and consult an ophthalmologist.

FCC PART 15 B Notice: CAUTION

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

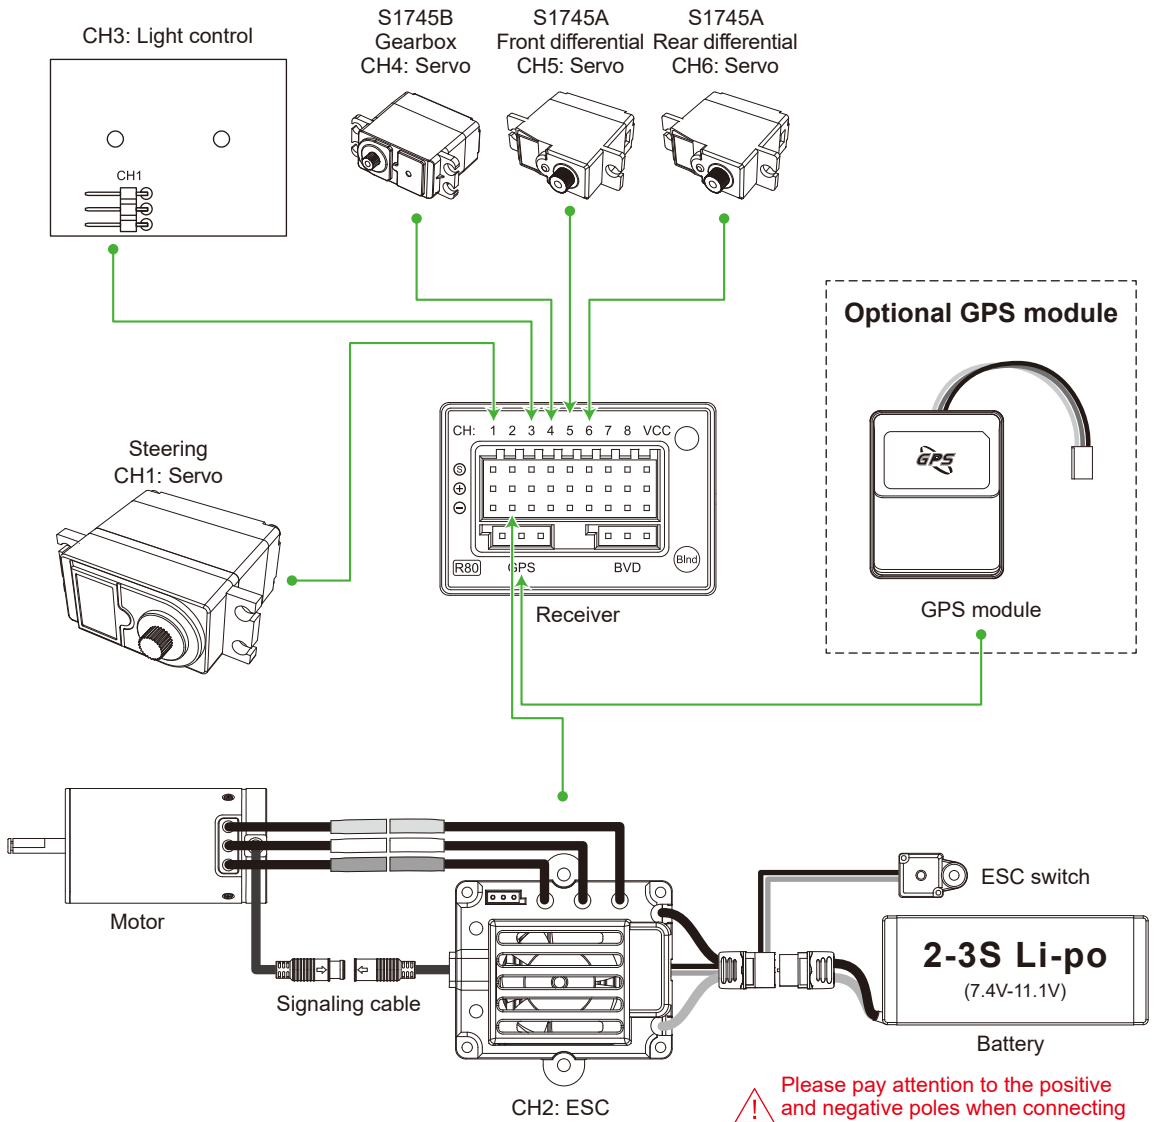

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

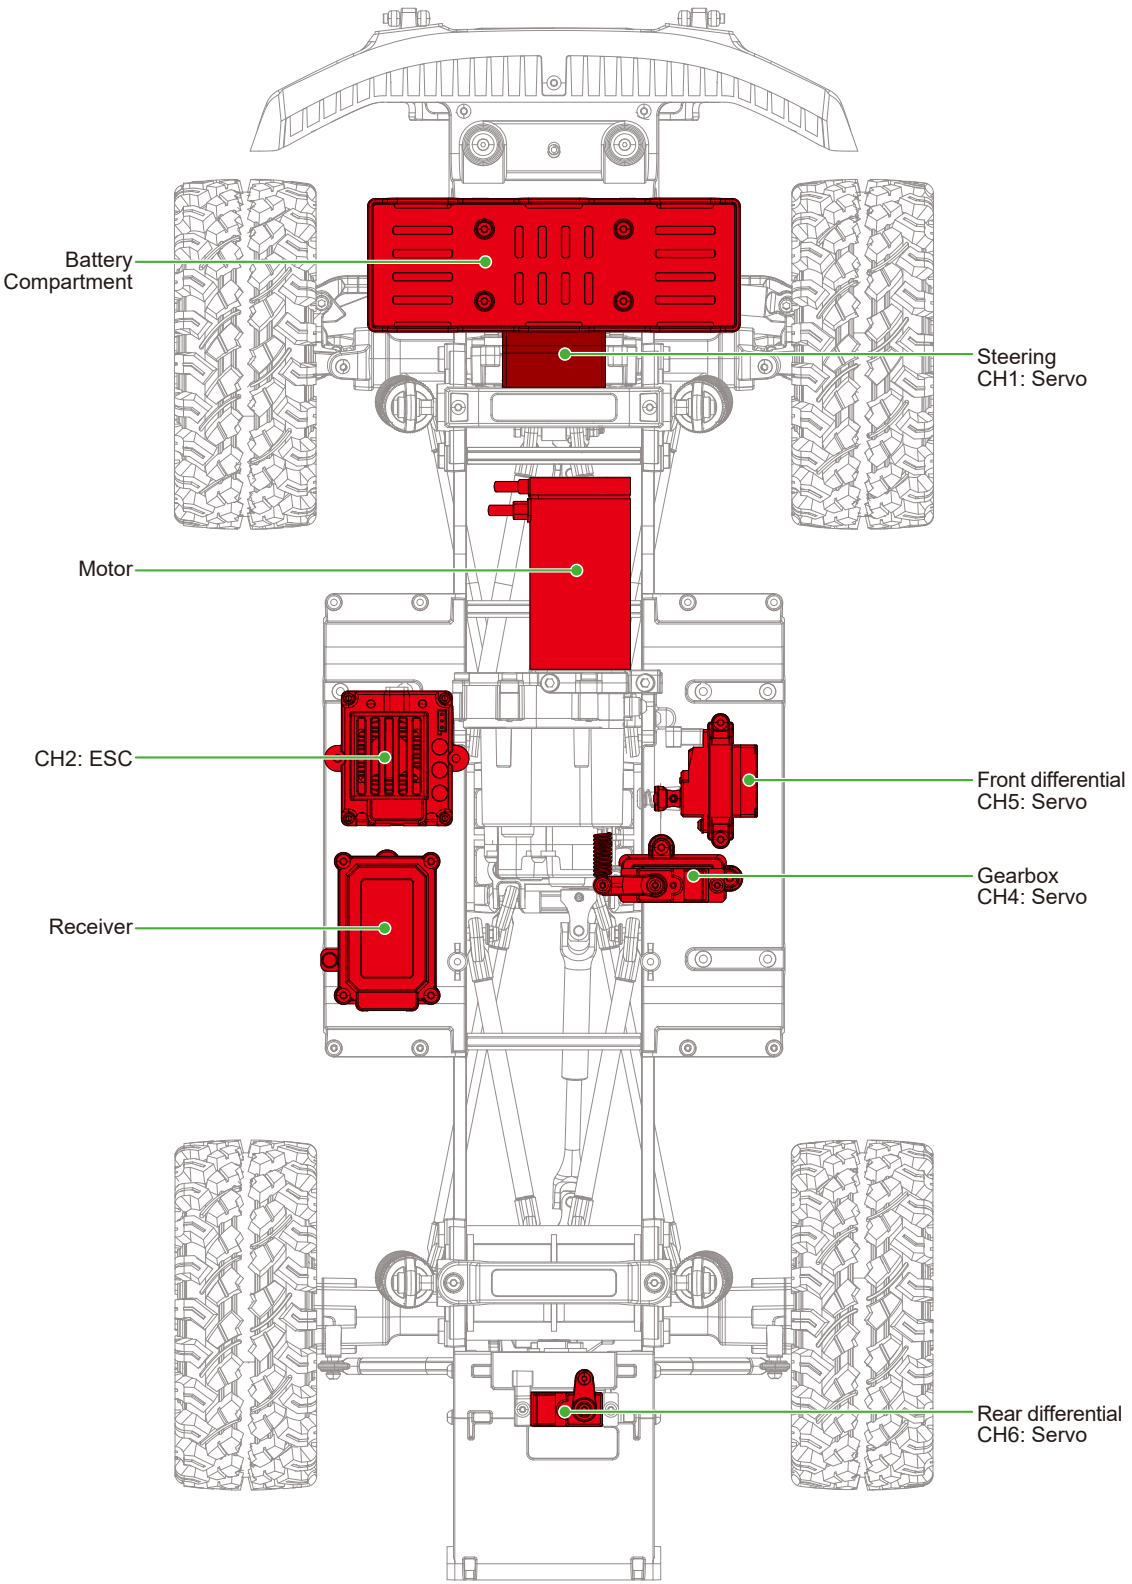

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

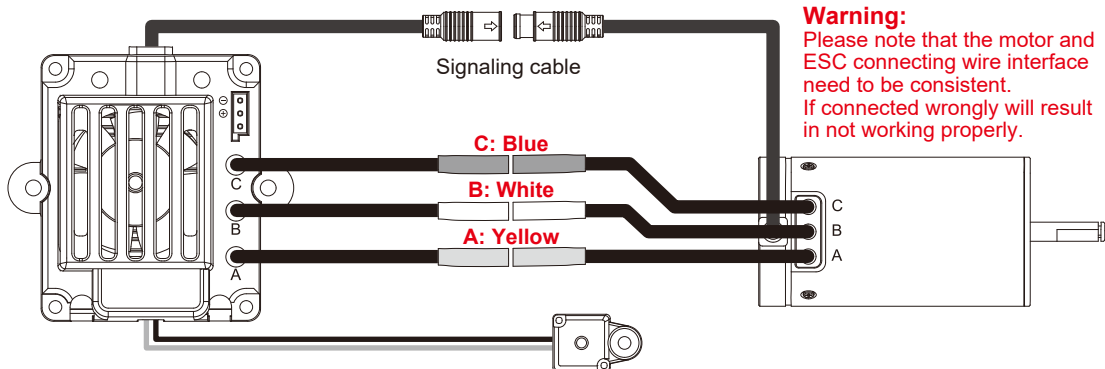

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Electronic device connection method

ESC

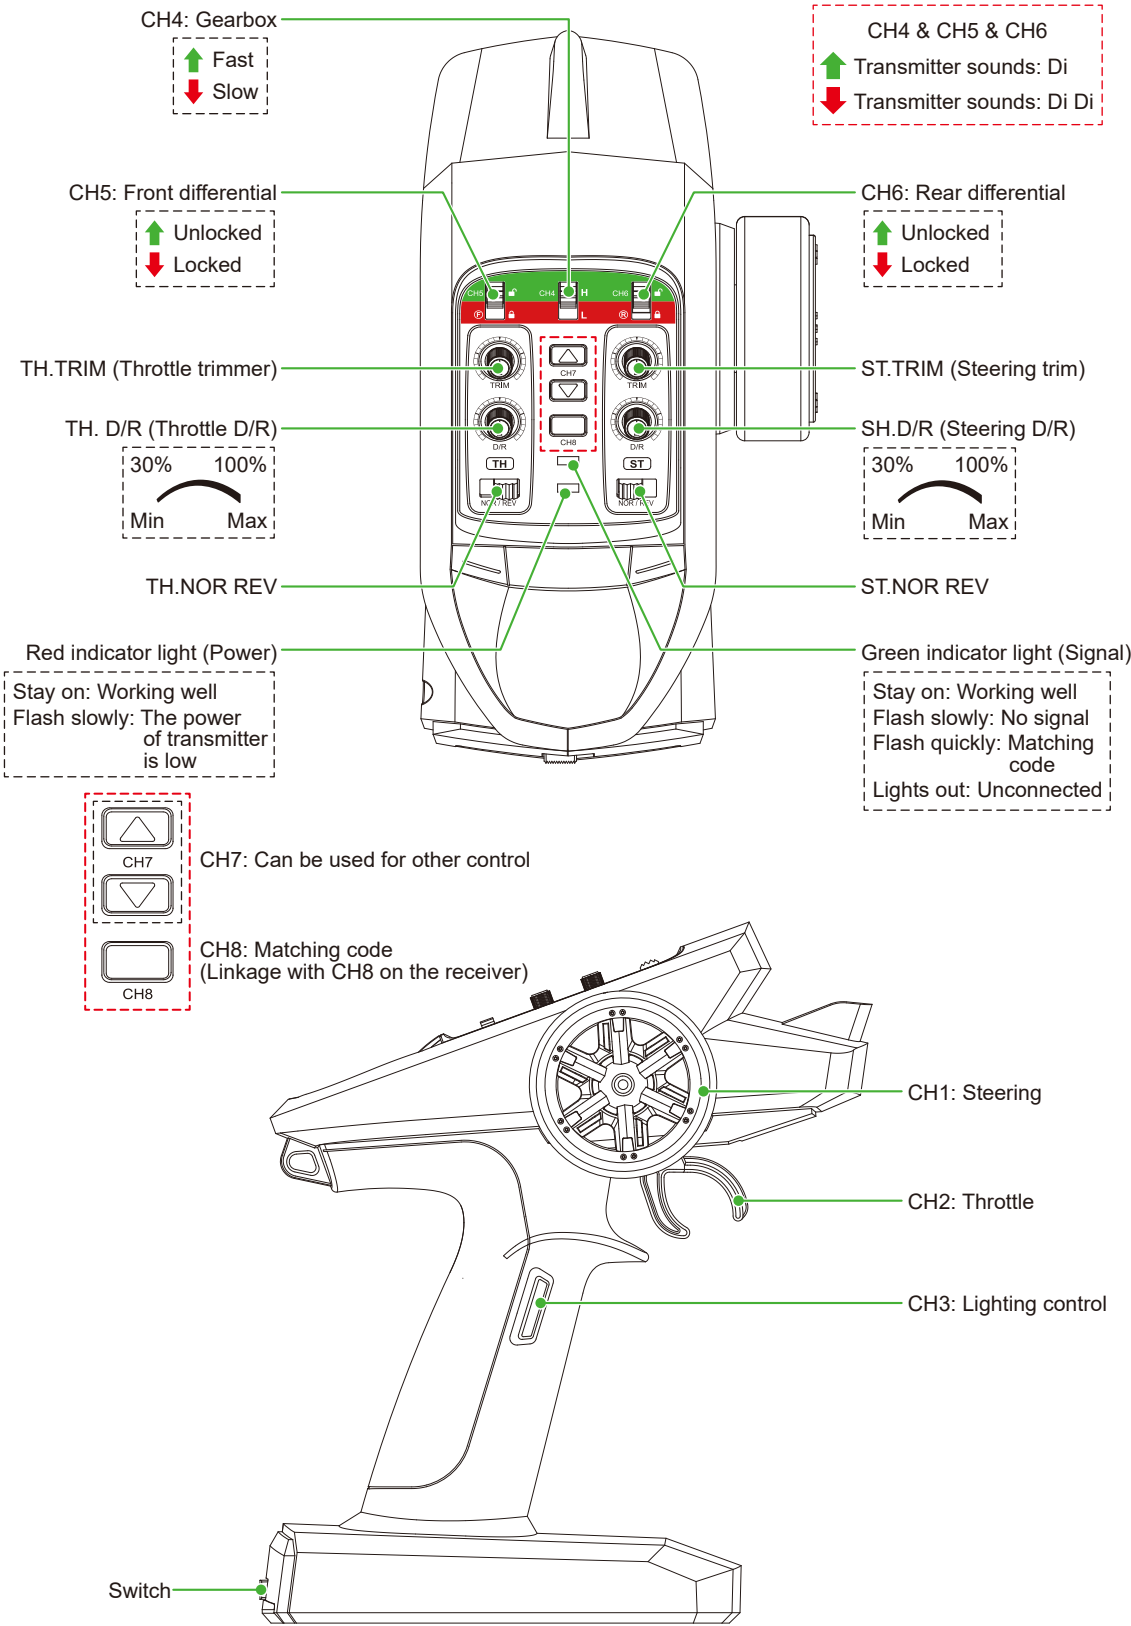

SNAIL ESC

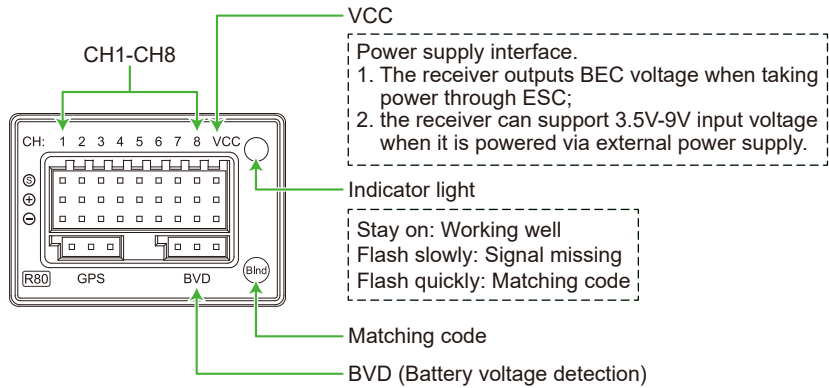

ESC can be connected by cell phone to read parameters and set up. Please scan the QR code to download APP. ESC can be connected with APP under power-on condition.

Transmitter

Receiver

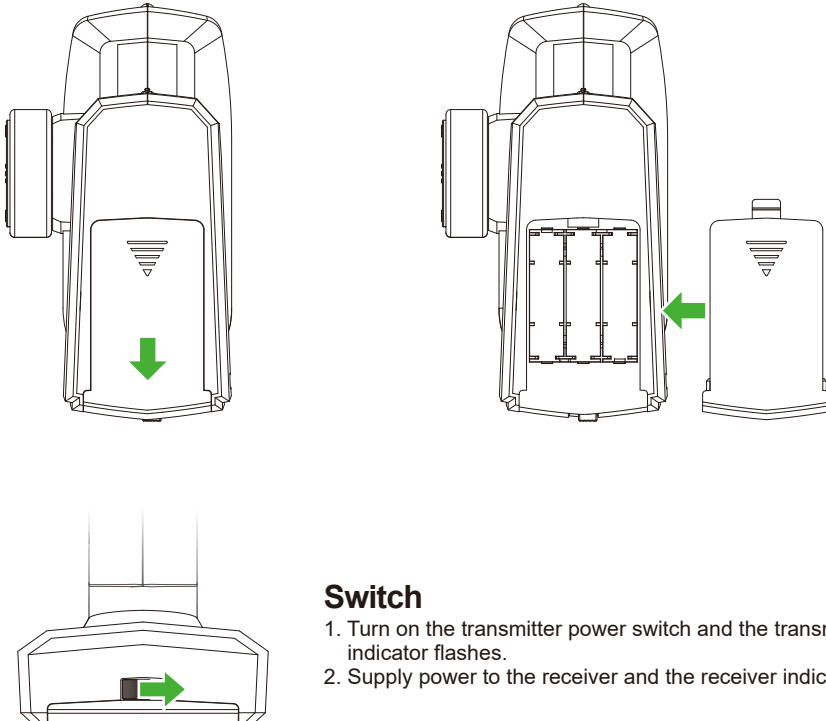

Pairing code (Only for re-pairing transmitter and receiver)

1. The transmitter enters the pairing state: when the transmitter is off, press and hold the CH8 button, then turn on the switch of the transmitter, the state of the green indicator light on the transmitter will be fast flashing. It means it has entered the pairing state;
2. The receiver enters the pairing state: under the power-on state of the receiver, press and hold down the [Bind] button until the indicator status on the receiver changes to fast flash. It means it has entered the pairing state;
3. When both the remote control and the receiver are in the code pairing state, it is expected that the pairing can be completed in 1-2 seconds. Both the remote control and receiver indicator lights become normally lit, which means the pairing is successful.

Transmitter mounting battery and switch

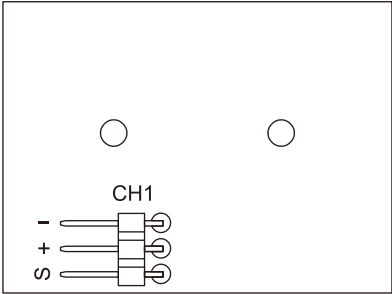

Open the battery cover of the transmitter, install the 3*AA batteries according to the battery direction in transmitter, then close the battery cover.

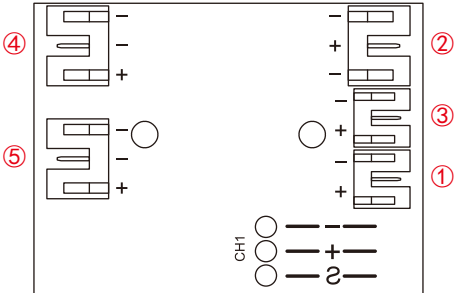

Switch

1. Turn on the transmitter power switch and the transmitter signal indicator flashes.
2. Supply power to the receiver and the receiver indicator flashes.

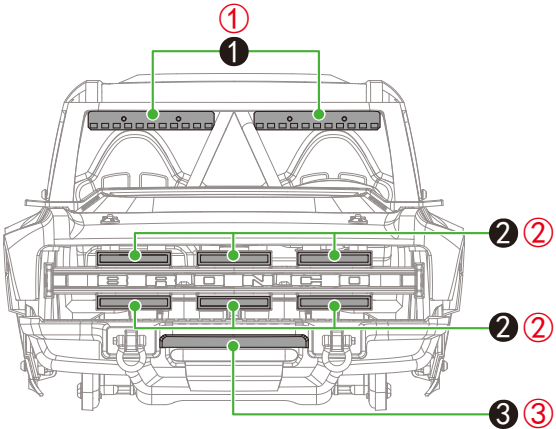

Lighting Description

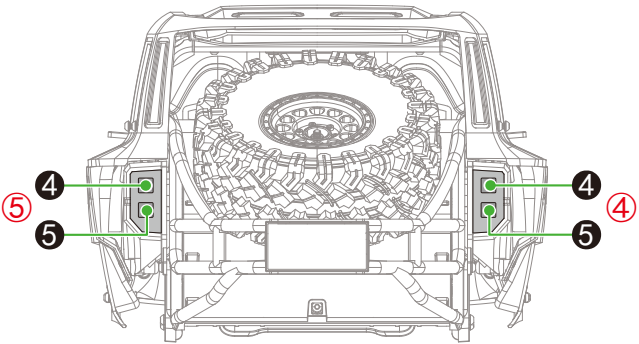

⚠ The + - poles of the light control connector are as follows. Do not reverse the connection.

①	Roof Light
②	Grille Light
③	Bumper Light
④	Right-rear Lights Assembly (Brake Light/reversing Light)
⑤	Left-rear Lights Assembly (Brake Light/reversing Light)
CH1	Receiver CH3

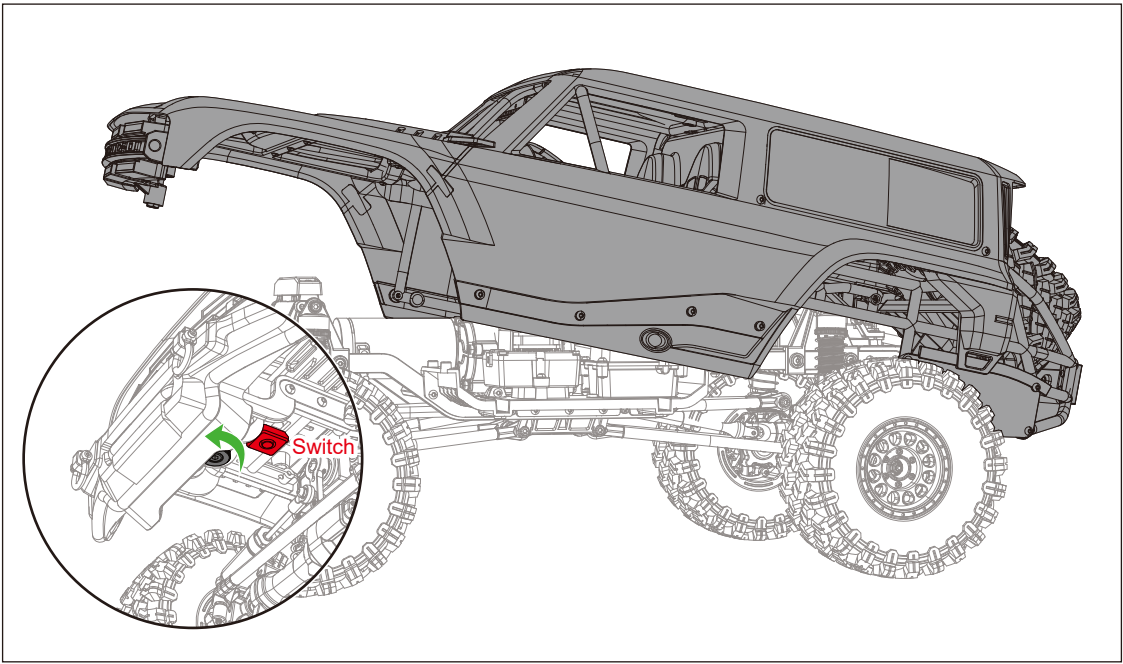

- ① Roof light
- ② Grille Light
- ③ Bumper Light
- ④ Brake Lights
- ⑤ Reversing Indicator Light

Short press [CH3] on the transmitter to switch five light modes:

1. [Linkage Mode]
2. [Flashing Mode]
3. [Police Light Mode]
4. [Burst Flash Mode]
5. [Lights Off Mode]

Open the body

Die Gebrauchsanweisung für dieses Produkt dient nur zu Ihrer Information. Wir behalten uns das Recht vor, Änderungen oder Anpassungen am Produkt ohne vorherige Ankündigung vorzunehmen. Bitte beachten Sie die offiziellen Informationen.

Warnung

Erstickenungsgefahr! Dieses Produkt enthält kleine Teile. NICHT geeignet für Kinder unter 3 Jahren. Enthält elektrische Bauteile und sollte stets trocken gehalten werden. Überprüfen Sie regelmäßig die Kabel des Batterieladegeräts, Stecker und Gehäuse sowie andere Komponenten auf Beschädigungen. NICHT verwenden, wenn ein Teil beschädigt ist.

Sicherheitsvorkehrungen

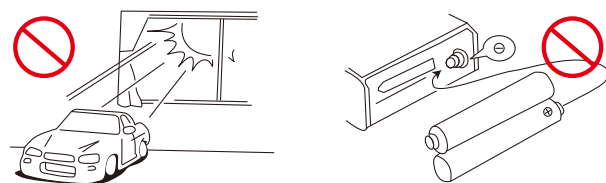

- Es handelt sich um ein funkgesteuertes Modell, nicht um ein Spielzeug!
- Damit Sie das Auto genießen können, müssen Sie es vor dem Betrieb fertig zusammenbauen. Führen Sie routinemäßige Wartungsarbeiten nach dem Betrieb durch. Ersatz- und Optionsteile sind separat erhältlich.
- Die unsachgemäße Verwendung von Alkalibatterien oder -akkus kann die Elektronik des Fahrzeugs oder das Radio beschädigen.

Für einen sicheren Betrieb des Fahrzeugs. Vergewissern Sie sich, dass Sie Folgendes beachten die folgenden Punkte beachten:

 Bitte beachten Sie die folgenden Punkte, um Unfälle mit dem Fahrzeug und Personen zu vermeiden.

- Lesen Sie die Bedienungsanleitung sorgfältig durch, bevor Sie beginnen. Neulinge sollten sich von Personen mit viel Erfahrung beraten lassen, um das Modell richtig zusammenbauen zu können.
- Cutter, Zangen und Schraubendreher müssen vorsichtig behandelt werden.

- Setzen Sie das Modell nicht hohen Temperaturen, Feuchtigkeit oder direktem Sonnenlicht aus.
- Schließen Sie den Akku niemals umgekehrt an bzw. nehmen Sie ihn auseinander. Dies kann zu Schäden und Auslaufen führen.
- Schalten Sie den Empfänger und den Sender immer aus, wenn das Modell nicht benutzt wird. Trennen Sie außerdem die Batterien ab und nehmen Sie sie aus dem Modell und dem Sender heraus. Dies kann gefährlich sein, z. B. durch Überhitzung und Auslaufen.
- Da das Produkt kleine und scharfe Teile enthält, montieren und lagern Sie es nur an Orten, die für Kinder unerreichbar sind.

Warnungen und Vorsichtshinweise

1. Abnehmbare Kleinteile sollten sicher und außerhalb der Reichweite von Kindern aufbewahrt werden.
2. Wenn Störungen auftreten, schalten Sie das Modell aus und versuchen Sie es an einem anderen Ort erneut.
3. Der Sender funktioniert nicht richtig, wenn die Batterien schwach sind. Bitte ersetzen Sie die Batterien.
4. Bitte entsorgen Sie alte/verwendete Batterien auf sichere Weise. Denken Sie an Ihre Umwelt!
5. Bitte bewahren Sie die Fernbedienung an einem kühlen, trockenen Ort auf.
6. NICHT dem Feuer oder hohen Temperaturen aussetzen, nicht an einem feuchten Ort aufbewahren.
7. Wenn die Batterie nass wird, wischen Sie sie sofort mit einem weichen, trockenen Tuch ab. Wenn die Batterie verformt ist, verwenden Sie sie bitte nicht mehr.
8. Wenn Sie das Modell für eine lange Zeit nicht benutzen, heben Sie bitte das Fahrgestell an, damit die Räder in der Luft hängen.

Sicherer Betrieb Ihres Modells

 **Betreiben Sie das Modell NICHT an den folgenden Orten und in den folgenden Situationen. (Nichtbeachtung kann zu Unfällen führen!)**

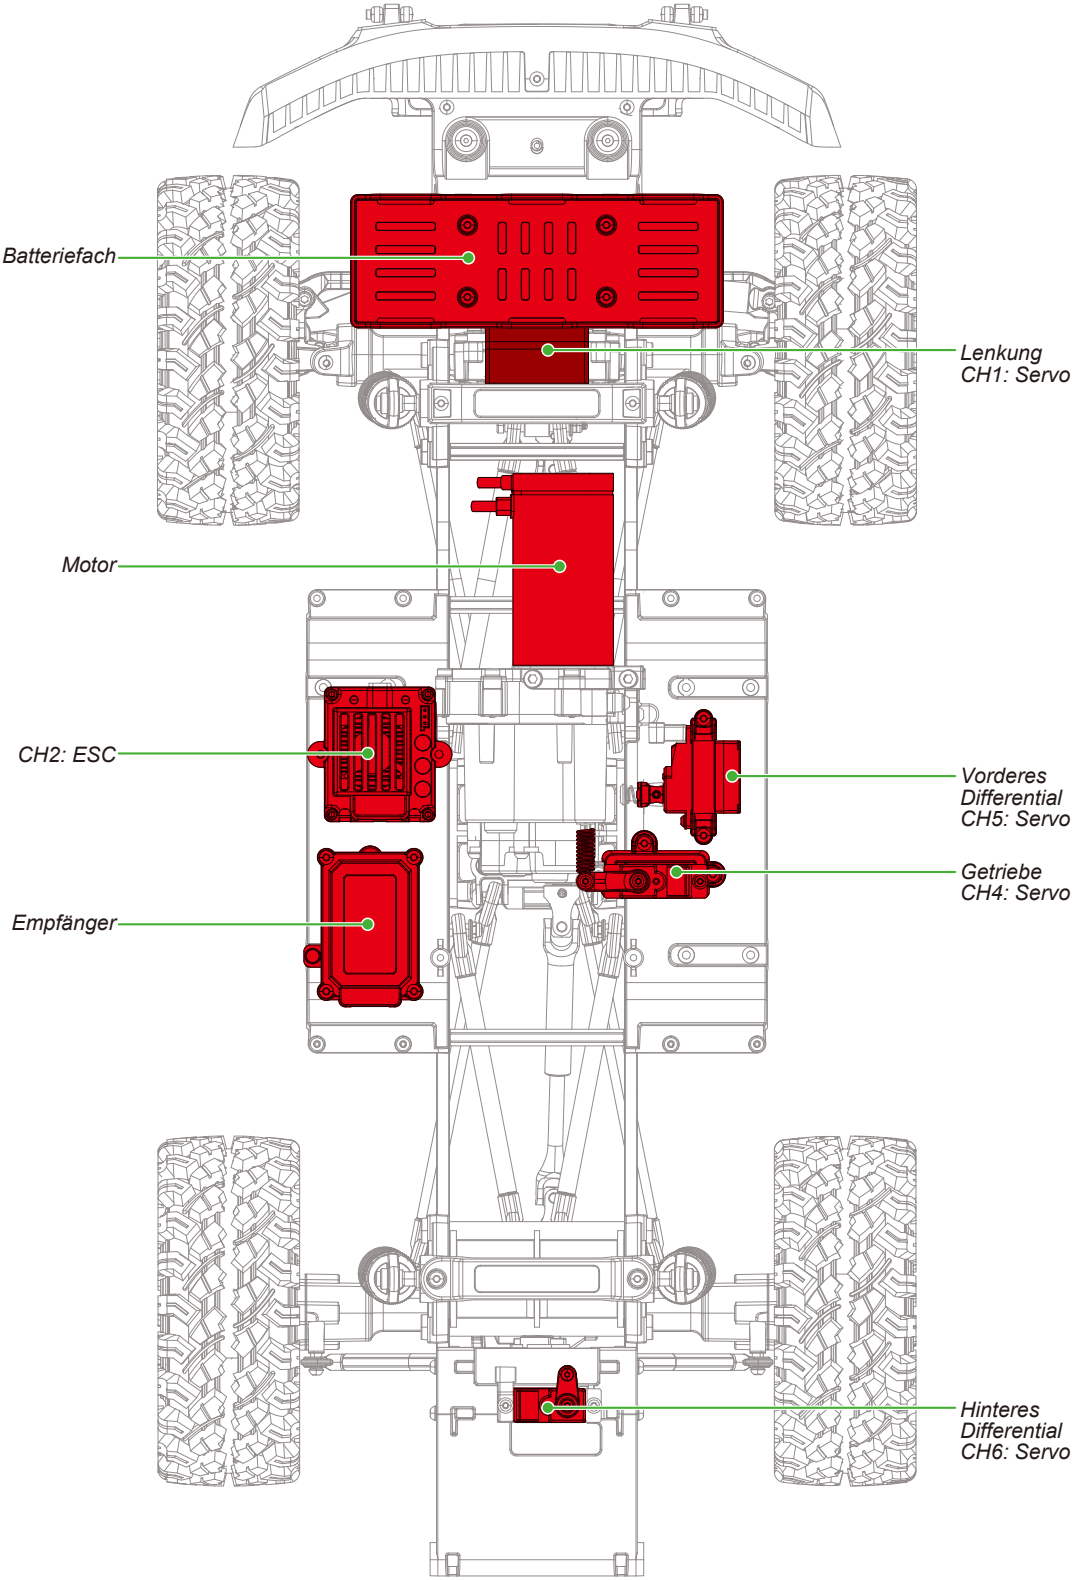

- Betreiben Sie Ihr Modell in geräumigen und sicheren Bereichen! Betreiben Sie es nicht:
 1. Auf der Straße!
 2. An Orten, an denen sich Kinder und viele Menschen aufhalten.
 3. In Wohngebieten und Parks!
 4. Betreiben Sie das Modell nicht auf öffentlichen Straßen, an belebten Orten und in der Nähe von Kleinkindern, da dies zu Unfällen führen kann.
 5. In Innenräumen und auf begrenztem Raum! Nichtbeachtung kann zu Personen- und Sachschäden führen!
- Das Fahrzeug muss sofort angehalten und auf die Gründe für den abnormalen Betrieb überprüft werden. Solange das Problem nicht behoben ist, darf es NICHT in Betrieb genommen werden! Dies kann zu weiteren Problemen und unvorhergesehenen Unfällen führen!
- Überprüfen Sie immer die Batterien des Funkgeräts! Bei schwachen Trockenbatterien würden Übertragung und Empfang des Funkgeräts ausfallen. In einem solchen Zustand können Sie die Kontrolle über Ihr Modell verlieren. Dies kann auch zu schweren Unfällen führen!
- Denken Sie daran, dass auch andere Personen in Ihrer Umgebung ein Fernsteuermodell betreiben können! Benutzen Sie NIEMALS gleichzeitig die gleiche Frequenz wie jemand anderes! Andernfalls werden die Funksignale durcheinander gebracht und Sie verlieren die Kontrolle über Ihr Modell. Dies kann zu Unfällen führen.
- Stecken Sie NICHT Ihre Finger oder andere Gegenstände in rotierende und bewegliche Teile!
- Fassen Sie den Motor direkt nach dem Betrieb NICHT an! Es besteht Verbrennungsgefahr!

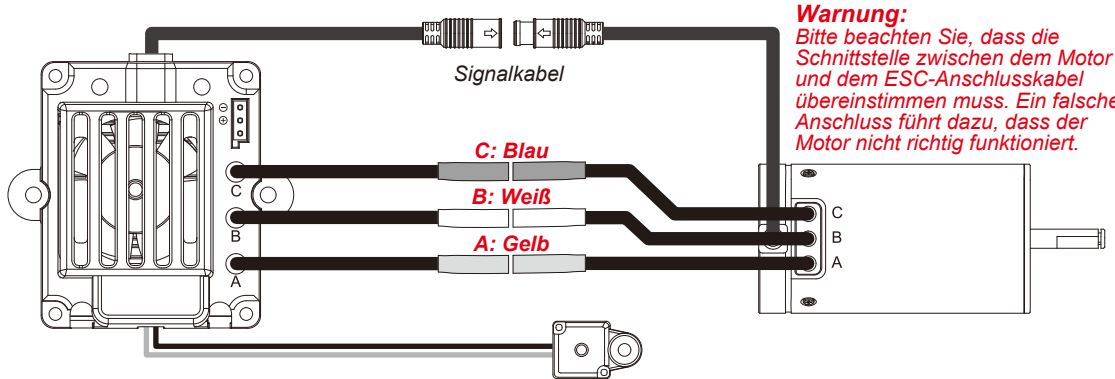

Vorsichtsmaßnahmen für die Verwendung des Akkus

1. Der Sender verwendet 3x1,5V "AA" Batterien.
2. Achten Sie beim Auswechseln der Batterien auf die richtige Polarität.
3. Wiederaufladbare Batterien sollten unter Aufsicht von Erwachsenen aufgeladen werden.
4. Mischen Sie keine alten und neuen Batterien. Mischen Sie keine Alkali-, Standard-(Kohle-Zink-) oder wiederaufladbaren Batterien.
5. Wenn die Batterie erschöpft ist, sollte das Modell entfernt werden.
6. Verbrauchte Batterien müssen sicher entsorgt werden!
7. Schließen Sie KEINE Pole kurz.
8. Versuchen Sie NICHT, nicht wiederaufladbare Batterien aufzuladen.
9. Nehmen Sie die Akkus vor dem Aufladen aus dem Modell.
10. Legen Sie die Batterien NICHT ins Feuer oder ins Wasser.
11. Die Nenneingangsspannung des Batterieladegeräts MUSS für die Spannung Ihres Stromnetzes geeignet sein.
12. Während des Ladevorgangs ist es ganz normal, dass sich das Ladegerät und die Batterien erwärmen.
13. Batterie nicht verschlucken!
14. Nur an kühlen, trockenen und dunklen Orten und außerhalb der Reichweite von Kindern aufbewahren!
15. Wenn aus der Batterie Flüssigkeit ausläuft und in die Augen gelangt, spülen Sie sie bitte sofort aus und suchen Sie einen Augenarzt auf.

Verfahren zum Anschluss eines elektronischen Gerätes

Warnung:
Bitte beachten Sie, dass die Schnittstelle zwischen dem Motor und dem ESC-Anschlusskabel übereinstimmen muss. Ein falscher Anschluss führt dazu, dass der Motor nicht richtig funktioniert.

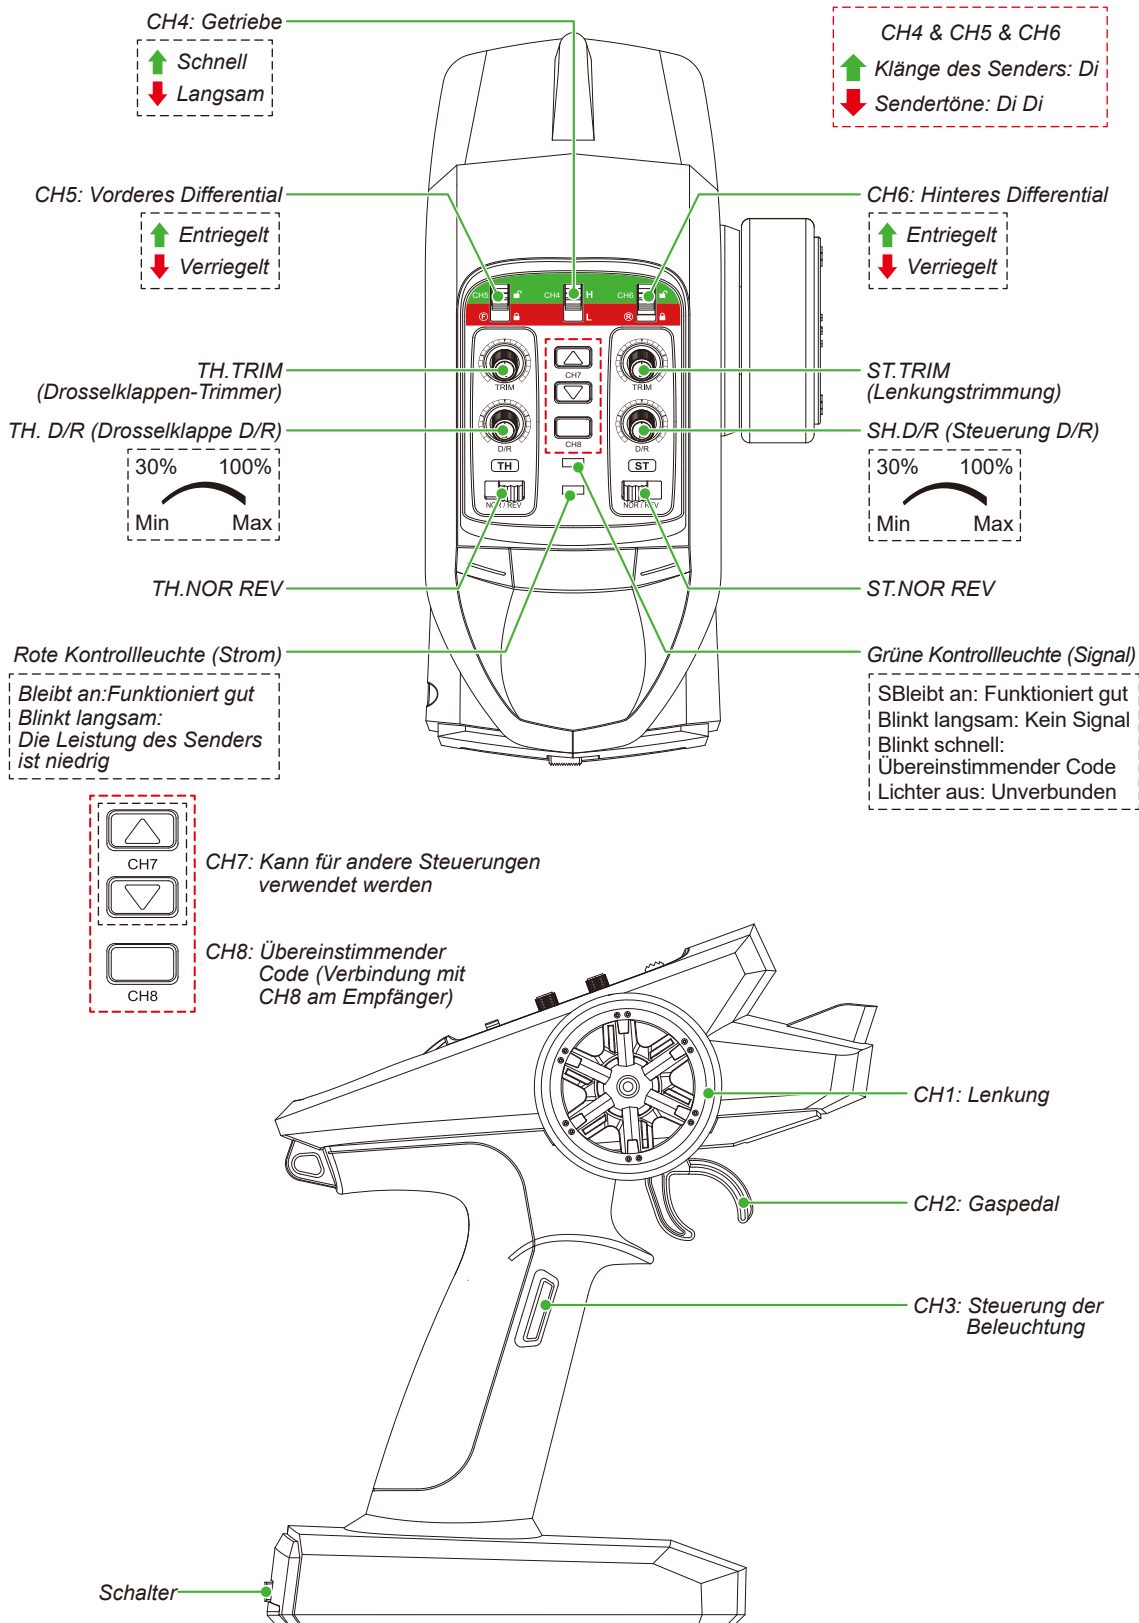

SNAIL ESC

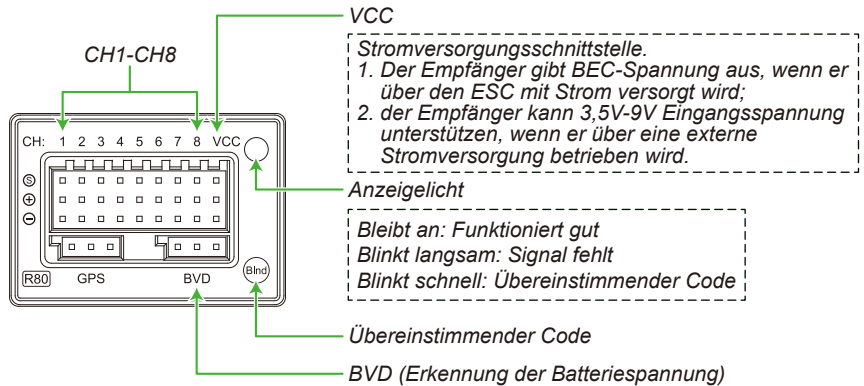

ESC kann mit dem Handy verbunden werden, um Parameter zu lesen und einzustellen. Bitte scannen Sie den QR-Code, um die APP herunterzuladen.
ESC kann mit APP unter Power-on Zustand verbunden werden.

Sender

Empfänger

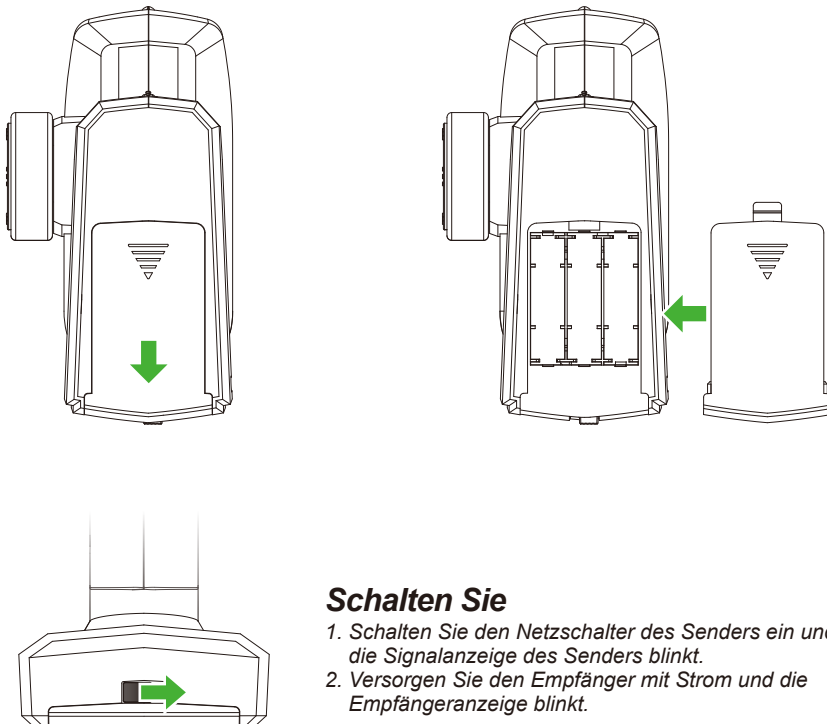

Kopplungscode (nur für die erneute Kopplung von Sender und Empfänger)

1. Der Sender geht in den Pairing-Zustand über: Wenn der Sender ausgeschaltet ist, halten Sie die CH8-Taste gedrückt und schalten Sie den Schalter des Senders ein; die grüne Anzeileuchte am Sender blinkt schnell. Dies bedeutet, dass der Sender in den Pairing-Status übergegangen ist;
2. Der Empfänger wechselt in den Pairing-Status: Halten Sie im eingeschalteten Zustand des Empfängers die Taste [Bind] gedrückt, bis die Anzeige auf dem Empfänger schnell blinkt. Dies bedeutet, dass er in den Pairing-Status eingetreten ist;
3. Wenn sich sowohl die Fernbedienung als auch der Empfänger im Code-Pairing-Status befinden, wird erwartet, dass das Pairing in 1-2 Sekunden abgeschlossen werden kann. Sowohl die Anzeileuchten der Fernbedienung als auch die des Empfängers leuchten normal, was bedeutet, dass das Pairing erfolgreich war.

Batterie- und Schaltereinbau im Sender

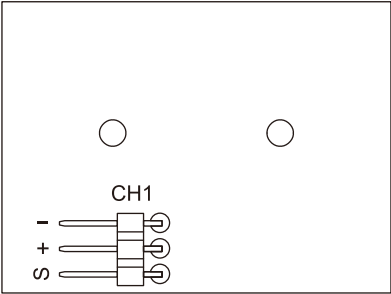

Öffnen Sie den Batteriefachdeckel des Senders, legen Sie die 3*AA-Batterien entsprechend der Batterierichtung im Sender ein und schließen Sie dann den Batteriefachdeckel.

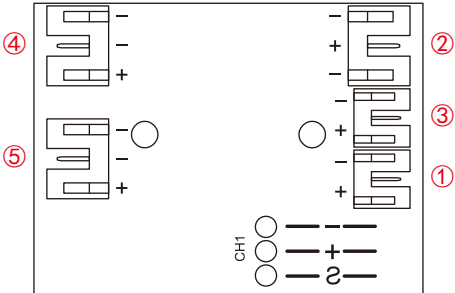

Schalten Sie

1. Schalten Sie den Netzschalter des Senders ein und die Signalanzeige des Senders blinkt.
2. Versorgen Sie den Empfänger mit Strom und die Empfängeranzeige blinkt.

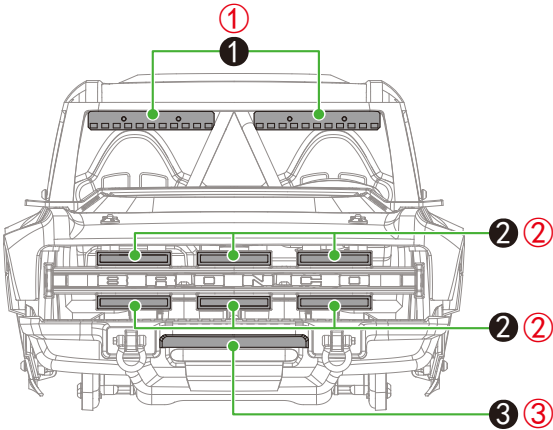

Beschreibung der Beleuchtung

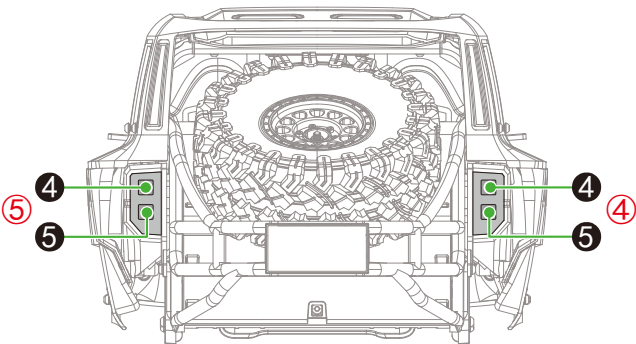

⚠ Die + - Pole des Lichtsteueranschlusses sind wie folgt.
Die Verbindung darf nicht umgekehrt werden.

①	Dachleuchte
②	Kühlergrilleuchte
③	Stoßstangenleuchte
④	Rechte hintere Leuchtenbaugruppe (Bremsleuchte/Rückfahrleuchte)
⑤	Linke hintere Leuchtenbaugruppe (Bremsleuchte/Rückfahrleuchte)
CH1	Empfänger CH3

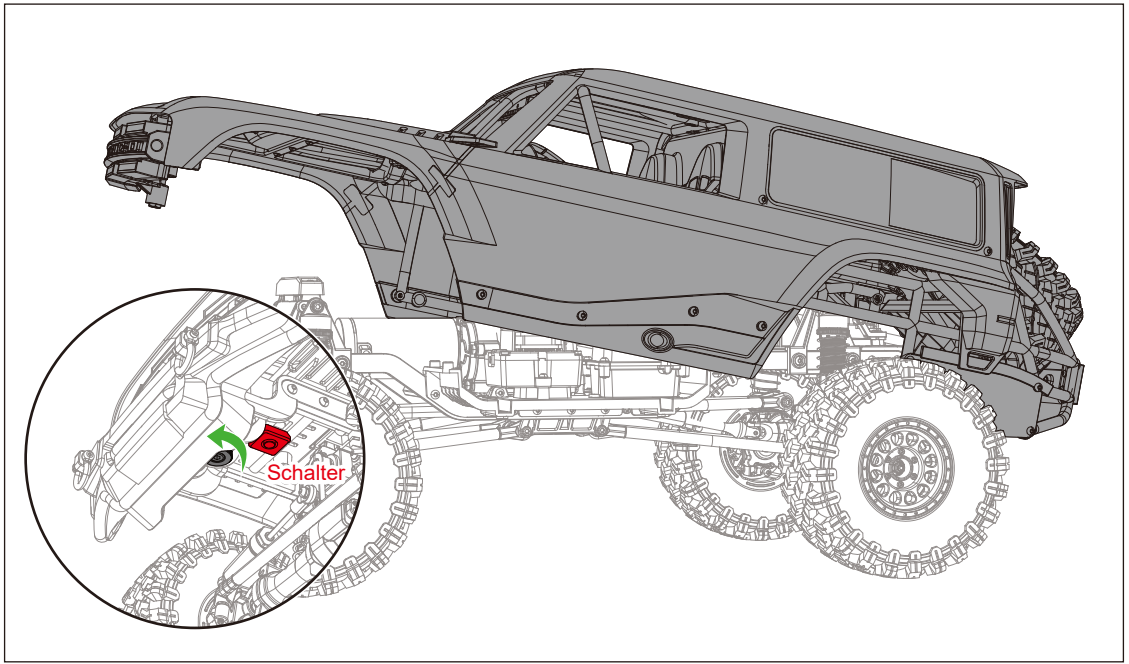

- ① Dachleuchte
- ② Kühlergrilleuchte
- ③ Stoßstangenleuchte
- ④ Bremsscheinwerfer
- ⑤ Rückfahrcheinwerfer

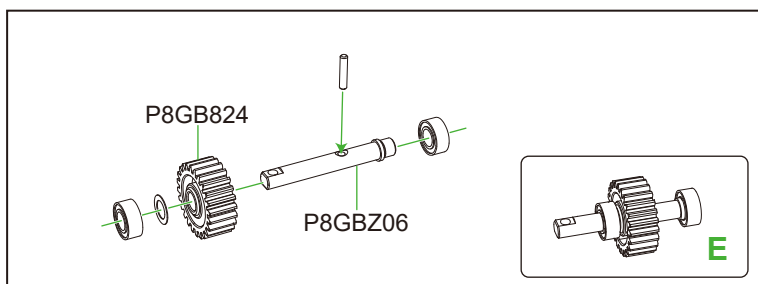

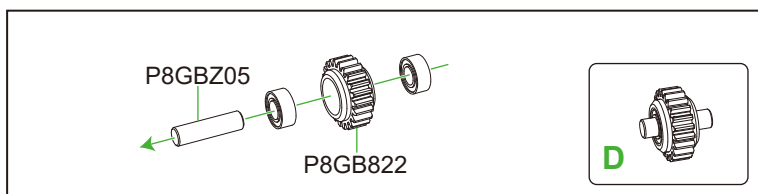

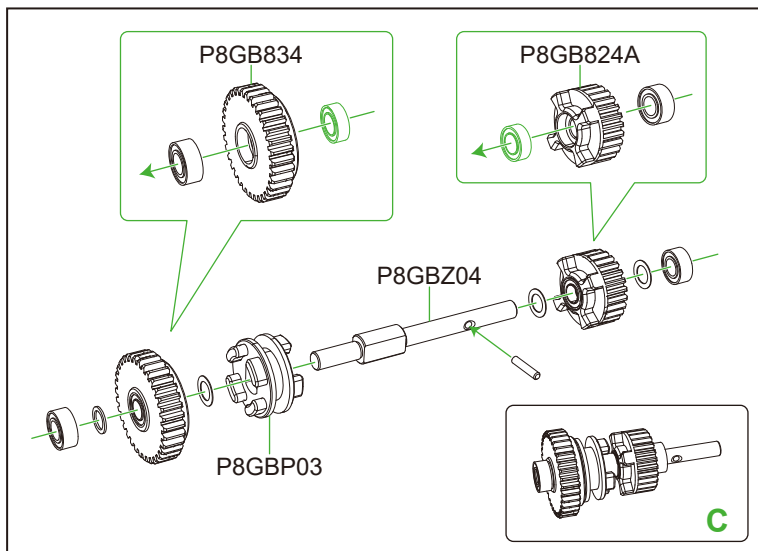

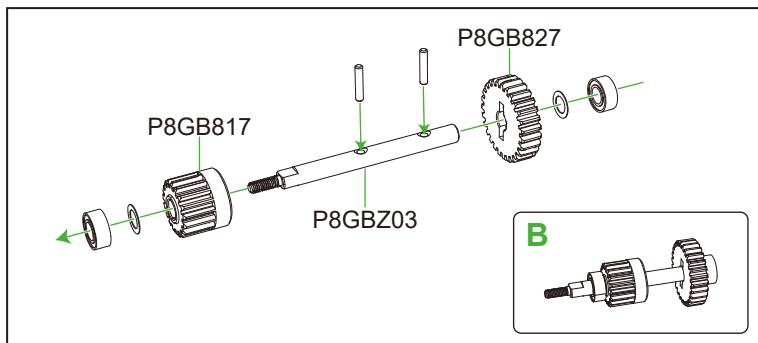

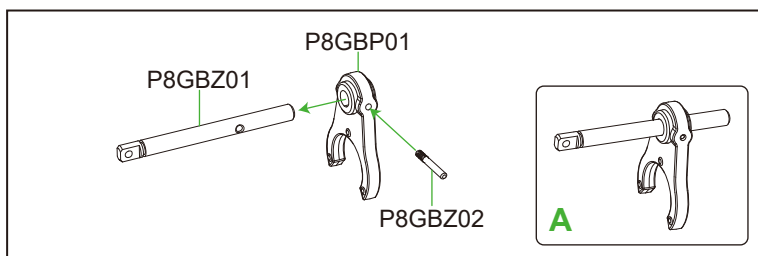

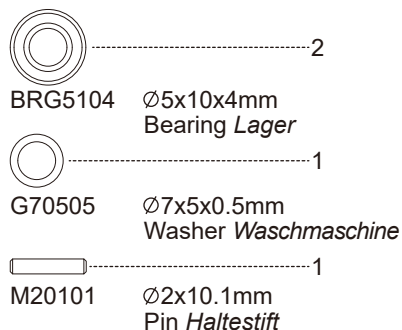

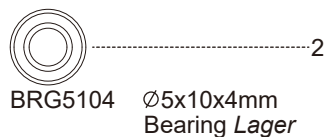

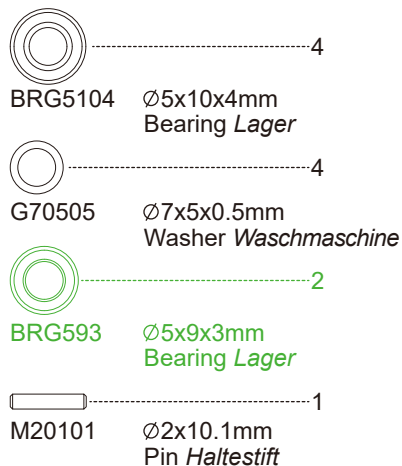

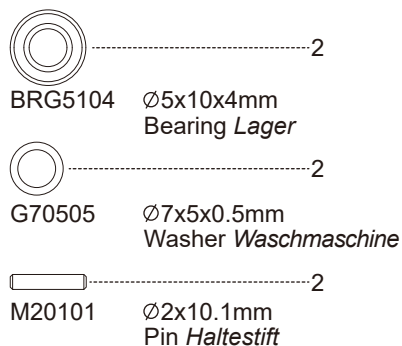

Drücken Sie kurz auf [CH3]
am Sender, um zwischen den
fünf Beleuchtungsmodi zu
wechseln:

1. [Linkage Modu]
2. [Blink Modu]
3. [Polizeilicht Modu]
4. [Burst Flash Modu]
5. [Lichter aus Modu]
